### Food

British people like good food, and more than half of them go to a restaurant every month. Fast food is also very popular – 30% of all adults have a burger every three months, but 46% have fish and chips!

### Sport

British people don't do a lot of sport. Only 17% of people go swimming every week, 9% go cycling and 8% play golf – and only 6% of people play football (but 32% go to watch it).

### Cinema and TV

Films are very popular in Britain, and about 60% of people between 15 and 24 go to the cinema every month. At home, men watch TV for about three hours every day – half an hour more than women.

### Holidays

British people love going on holiday, and have 56 million holidays every year. Most of these holidays aren't in the UK – 27% are in Spain, 10% are in the USA, and 9% are in France. Maybe this is because the weather in Britain isn't very good!

Living in the Antarctic

9 a)  Listen to and read the following text.

# Living in the Antarctic

'Hi, my name's Max Wright. I'm an engineer, and I live on the Scott Base in the Antarctic. It's *very* cold here, of course. At night the temperature can be  $-50\text{ }^{\circ}\text{C}$ , but in the day it's only  $-20\text{ }^{\circ}\text{C}$ !

Twelve people live here, and we're all from New Zealand. At the base there's a restaurant, a TV room, a small shop, and six bedrooms – two people sleep in each room. Most of our food comes from New Zealand, and we also eat fish from the sea.

We work from Monday to Friday, and sometimes Saturdays too. Every morning I go swimming in the sea (which is only  $1\text{ }^{\circ}\text{C}$ !), and in my free time I play volleyball or watch videos. I also love watching the animals and birds, especially the penguins – there are thousands of them here.

Yes, it's cold at Scott Base, but it's also a very beautiful place to live. I love it here.'

## The Kennedys

8 a)  Listen to and read the story of the Kennedy family.

### The Kennedys – America's First Family

John F Kennedy is probably the most famous President in American history, but the story of the Kennedy family is not a happy one.

John was born in Boston, USA in 1917. The Kennedys were a big family, and John had five sisters and three brothers. His father, Joseph Kennedy, was a businessman, and his mother Rose was the daughter of a politician.

After university John worked as a journalist, then became a politician in 1946. But this was an unhappy time for

the Kennedy family – John's brother Joe died in the Second World War, and four years later his sister Kathleen died in a plane crash.

John became a Senator\* in 1952, the same year he met his wife Jacqueline Bouvier. They got married in 1953 and had three children – but their third child, Patrick, died two days after he was born.

In 1961, John F Kennedy became President, and he was very popular with the American people. He was assassinated\* in Dallas, Texas in November 1963, and his brother Bobby was also assassinated five years later.

The Kennedys are a famous family, but their story is a very sad one.

Or you can go shopping along Karntner Strasse and enjoy Vienna's coffee houses, cake shops, cafés and street musicians. AIBO the electronic pet

10 a)  Read and listen to this text about AIBO.

### AIBO – the electronic pet

The Japanese company Sony sold the first 3,000 AIBOs on the Internet in only 20 minutes. But what exactly is an AIBO, and why do people love them so much? An AIBO is a robot dog about 28 centimetres long, and it can do lots of amazing things. For example, it can walk, run, play with a ball, be happy or sad – just like a real dog! It can also dance, sing songs, see colours and take photographs like a camera! A new (or 'baby') AIBO can't see or hear, but it can understand about 40 words and phrases like *How old are you?*, *Good boy* and *Don't do that*. Say its name and it answers you, say *Goodnight* and it goes to sleep. When it becomes older, the AIBO

learns more words, and soon it can talk to you too. And when it's an 'adult' it can check your emails and read them to you! These robot pets are very popular in Japan and the USA, but they aren't cheap. Each AIBO is about \$2,500 – so maybe a real dog is better!

b) Are these sentences true (T) or false (F)?

- 1 It's from the USA. .....F.....
- 2 It's very big. .....
- 3 It can take photographs. .....

My name's Sanun and I live in Thailand. I study engineering at university but I don't really want to be an engineer. I'm going to travel to Europe with a friend next year and then we're going to work in England. I can't speak English very well but my friend can. I went to London when I was young but I didn't stay there for very long.
